patels250@yahoo.com · sagarpatel.netlify.app

I am currently a senior at the University of Texas at Austin and am projected to graduate in May 2021. I hope to complete a master's degree in Data Science while working in the field. I am a good problem solver, excellent worker in groups, and able to follow deadlines and work efficiently.

EXPERIENCE

MAY 2020 – JANUARY 2021

FRONT DESK CLERK, SURESTAY PLUS HOTEL

Responsible for guest check-in/check-out and ensuring customer satisfaction at a 112-room hotel. Recommended dining and entertainment options in the local area. Communicated with housekeeping staff to ensure efficient and quality service for guests.

EDUCATION

MAY 2021

B.S.A. BIOLOGY, UNIVERSITY OF TEXAS AT AUSTIN

Completed Elements of Computing Certificate and gained proficiency in Python. Multiple biology courses completed that relied heavily on the use of R. Relevant coursework in Biostatistics, Computational Biology & Bioinformatics, Data Visualization, Graphics & Visualization, and Software Engineering. Cumulative GPA of 3.67.

SKILLS

- Fluent in Python
- Fluent in R
- Basic knowledge of JavaScript
- Microsoft Office experience
- Data tidying and visualization
- Communication and teamwork

ACTIVITIES

I was a member of the Gamma Beta Phi Honor Society at UT Austin and served as the Fundraising Director for three years. My responsibilities included organizing and coordinating fundraising events, collecting funds from sponsors, and transferring funds to the treasurer. I regularly volunteer at the Austin Pets Alive! animal shelter in Austin, TX. My responsibilities include feeding and walking dogs, as well as maintaining the shelter campus by doing laundry, organizing materials, and executing emergency protocols in the event of inclement weather.
