---

I am currently a student at the University of Texas at Austin and am projected to graduate in May 2021. I am a good problem solver, excellent worker in groups, and able to follow deadlines and work efficiently.

## EDUCATION

MAY 2021

**B.S.A. BIOLOGY, UNIVERSITY OF TEXAS AT AUSTIN**

Completed Elements of Computing Certificate and gained proficiency in Python. Multiple biology courses completed that relied heavily on the use of R. Cumulative GPA of 3.6766.

## SKILLS

- Fluent in Python
- Data tidying and visualization
- Fluent in R
- Communication and teamwork

## ACTIVITIES

I was a member of the Gamma Beta Phi Honor Society at UT Austin and served as the Fundraising Director for two years. My responsibilities included organizing and coordinating fundraising events, collecting funds from sponsors, and transferring funds to the treasurer. I regularly volunteer at the Austin Pets Alive! animal shelter in Austin, TX. My responsibilities include feeding and walking dogs, as well as maintaining the shelter campus by doing laundry, organizing materials, and executing emergency protocols in the event of inclement weather.
